

Alfredo Hammer

FRONTEND DEVELOPER

SUMMARY

A talented front-end developer with a passion for creating visually appealing and user-friendly websites and web applications. I have a strong understanding of web development principles and user-centered design, and I am skilled in creating responsive and engaging websites that drive business results. I am also able to work well in a team environment and am always looking for new challenges to take on. I have a proven track record of delivering projects on time and to the highest standards.
